

ITP Chairman's Report 2025

I would like to take this opportunity to express my appreciation to all Executive Committee members and ITP mentors for their excellent efforts in making all activities successful during the past year in sustaining the ITP platform in promoting the training profession and practices. The summary of actions/activities is depicted as follows:

Visit of CityU Farm at Lam Chuen

ITP has organized a visit to the CityU Farm located in Lam Tsuen, Tai Po on 14 December 2024 with a total of 14 members and friends participating in this event. The visit was kick off by Dr Done Earyl and Dr Joyce giving us detail presentation of the history, operations and missions of the CityU Farm and how it facilitates the hands-on experiential training for the CityU veterinary students. The vivid presentation was followed by an eye-opening field trip of the Farm area including the byre housed with lovely cows, cow milking facilities, and sustainability-led food warehouse. By visiting the CityU Farm, we have a clear picture of how CityU Farm incorporates the philosophy and ideology of combining research and training in veterinary medicine and life sciences. The visit also demonstrates how the CityU Farm has provided flourishing grounds for enhancing and enriching students' hands-on experience in husbandry and farm management skills.
